

# ICCA Lifetime Achievement Award

This nominee should be a coach who has stood the test of time by being patient and caring. One who has had to deal with parental issues, cheerleader issues, school issues, sportsmanship, ordering uniforms, pep rallies, and creating cheers and dances. This would be someone who has experienced the ups and downs of coaching, winning and losing seasons, and the challenges of each. They've had the opportunity to watch those young, inexperienced cheerleaders turn into dynamic, poised, young adults – enough experience to write a book. For many, this would also include service to cheerleading after coaching.
